Subject: RE: SODRAC Tariff 5 / Tarif 5 de la SODRAC (2009-2012) - Notice of the Board / Avis de la Commission - CB-CDA 2015-024
Sensitivity: Confidential

Mr. Levac,

As stated in the order below, we can report that SODRAC was unable to provide CAFDE with a comprehensive proposal at this time since it is still being internally discussed but is expected to do so before the end of the month. To give time to CAFDE to consider our anticipated response and provide for a safe margin, we suggest that we report back to the Board (unless additional information would be required further to this report) by no later than June 19, 2015.

Best Regards,

Martin Lavallée
