## **NOTICE OF THE BOARD**

In their joint objection of July 17, 2013 to Access Copyright Post-Secondary Educational Institutional Tariff for the years 2014-2016, the Canadian Association of University Teachers (CAUT) and the Canadian Federation of Students (CFS) requested a limited intervenor status, which would include the right to participate in the hearing but not be subjected to the interrogatory process. This request is denied. The Board considers that such an unequal status of participants can lead to unfairness.

To achieve a similar status as the one requested, CAUT and CFS can avail themselves of section A.2 of the Model Directive on Procedure which states:

### **2. Comments**

Anyone may comment in writing on any aspect of the proceedings. As a general rule, comments received later than the date by which participants must present or file oral or written arguments will not be considered. In due course, the Board will forward these comments to participants.
