NOTICE OF THE BOARD

The Board is of the preliminary view that, in accordance with the attached Access' request, Access Copyright Post-Secondary Educational Institution Tariffs for the years 2011-2013 and for the years 2014-2017 should be consolidated. The reasons invoked by the Board in its ruling of December 4, 2013 to deny the application for consolidation have become moot with the passage of time. The Board also agrees on a preliminary basis with Access that a hearing on the consolidated matter could be scheduled for early 2016.

Mr. Maguire can provide comments on the Board's preliminary view no later than **Friday, July 3, 2015**. Access may reply to the comments no later than **Monday, July 6, 2015**.
