I am writing to request a short extension to respond to the Board’s Notice. I have attempted to reach Mr. Nitoslawski and Mr. Shortt on multiple occasions this week to inquire as to when we might expect their comments on a draft settlement tariff previously sent to them. I understand that Mr. Nitoslawski is involved in a trial and appears unable to respond. There is no indication whether Mr. Shortt is away but there has been no response from him.
