[CB-CDA 2016-100]

NOTICE OF THE BOARD

The request below is granted.

The Parties shall file any submissions no later than **Friday, January 13, 2017**. Any responses, if any, shall be made no later than **Friday, January 27, 2017**.

Gilles,

I am writing further to the Notice of the Board dated Friday, December 9 and the extension of time granted on Monday, December 12 in response to Mr. Kent's e-mail of the same day.

Despite considerable diligence on the part of CSI, the complexity of the required review, combined with vacation schedules and other factors related to the holiday season, have made it difficult to generate a sufficient response to the Notice within the time allotted. Accordingly, I am writing with the consent of SOCAN, SODRAC, and the objectors to respectfully request that the Board extend the times set out in the Notice as follows:

- Parties' submissions to be filed by **Friday, January 13, 2017**; and
- Responses, if any, to be filed by **Friday, January 27, 2017**.

I should add that counsel to at least one of the objectors has indicated that he will be departing for vacation early this afternoon. It would therefore be appreciated if the Board would consider and rule on this request as soon as possible today so that the parties can plan accordingly.

Many thanks and best wishes for a happy and healthy holiday season.

CMC
