[CB-CDA 2018-072]

NOTICE OF THE BOARD

The Parties' request that the Board postpone setting a hearing date until after the completion of the settlement period on June 22, 2018, is denied. The recent proceedings initiated by the Board have followed the same model: setting a hearing date at the outset of a process and allowing for a short negotiation period after which, absent an agreement between the Parties, the process leading to a hearing with a predetermined date would be triggered.

This model adopted by the Board allows for a much quicker examination of the tariffs. We see no reason why the above-mentioned proceeding should not follow the same process as the other proceedings.

Consequently, the Parties are asked again to file by no later than **Wednesday, April 18, 2018**, a revised Schedule of Proceedings which accounts for a hearing to be held either in January 2020 (starting on Tuesday, January 14, 2020) or in April or May 2020 (starting no later than Tuesday, May 12, 2020).
